Transforming architectural visions into photorealistic experiences

Modern Residential Apartment

Project Overview

Contemporary G+3 apartment building featuring landscaped balconies that bring nature into urban living.

Design Highlights

- *Stacked green balconies with integrated planters*
- *Clean horizontal lines with accent cladding*
- *Modern material palette: stone, glass, metal*
- *Optimized natural light and ventilation*

Sloped Roof Residential Villa

European-Inspired Elegance

Classic villa design with contemporary interpretation, featuring dramatic sloped roofing and expansive glazing.

Key Features

- *Multi-pitched roof creating architectural drama*
- *Floor-to-ceiling windows maximizing views*
- *Brick walls with timber accents*
- *Seamless indoor-outdoor connectivity*

Commercial Complex

Mixed-Use Retail Design

Dynamic commercial building combining retail and café spaces with high-visibility street presence.

Strategic Elements

- *Bold geometric facade for brand identity*
- *Large storefront glazing for retail appeal*
- *Copper colored louvers emphasising the structure.*

Contemporary Independent House

Compact Modern Living

Efficient use of space with vertical design elements and integrated greenery throughout.

Design Solutions

- *Vertical garden walls adding natural texture*
- *Stacked volumes creating visual interest*
- *Privacy screens with decorative patterns*
- *Carport seamlessly integrated into design*

Duplex Residence – Mr. Gambhare

Sophisticated Duplex Design

Carefully balanced composition with warm material palette creating inviting curb appeal.

Signature Elements

- *Wooden pergola defining entrance zone*
- *Stone cladding anchoring the base*
- *Recessed balconies for privacy and shade*
- *Landscaping integrated with architecture*

Corner Plot Apartment

Premium Corner Development

Taking full advantage of corner plot location with wrap-around balconies and dual street frontage.

Standout Features

- *360-degree wrap balconies on every floor*
- *Corner glass feature maximizing views*
- *Vertical louvers for sun control and privacy*
- *Symmetrical composition with modern detailing*
- *Premium materiality throughout facade*

Curved Facade Building

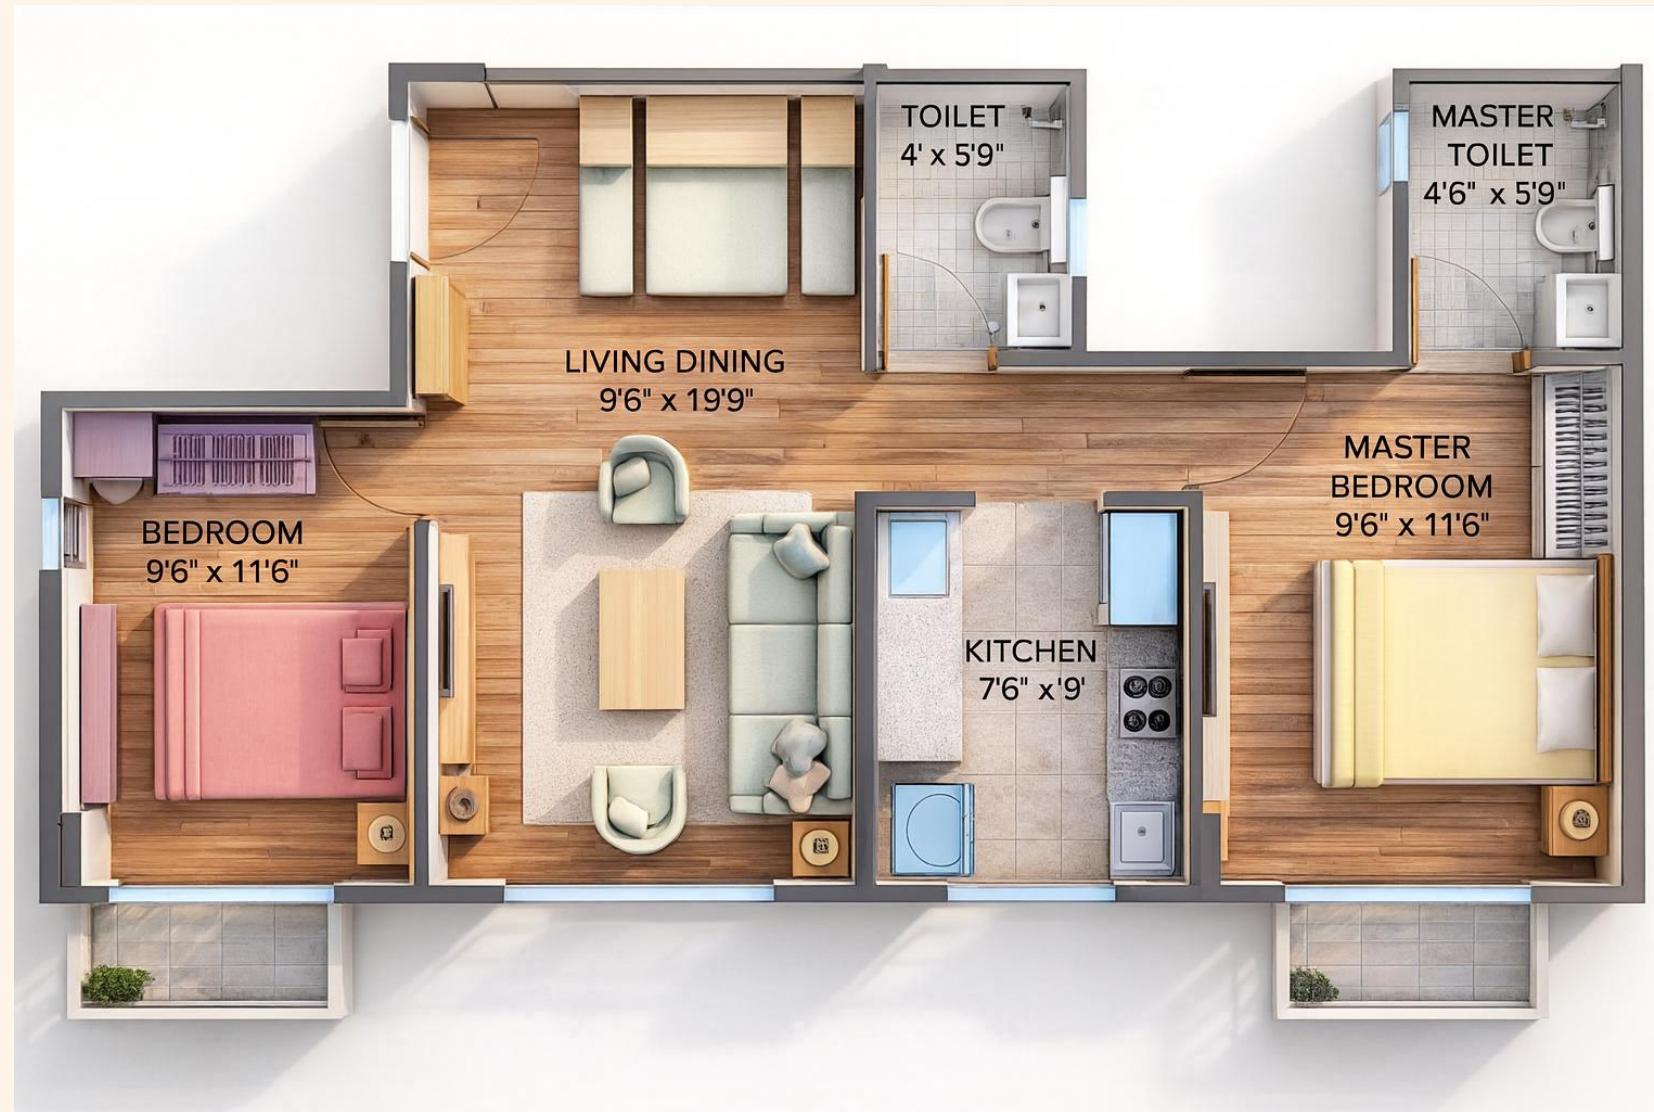

Distinctive Architectural Identity

G+4 residential building with bold curved facade creating memorable street presence and unique character.

Architectural Innovation

- *Sweeping curved wall as signature element*
- *Rhythmic balcony pattern following curve*
- *Glass railings enhancing fluid aesthetic*
- *Strategic landscaping softening the form*

Interiors of 2BHK Of a Sample/ Show Flat for a builder

A warm, contemporary living space where soft lighting, refined textures, and natural tones come together in effortless harmony. Designed for comfort yet styled with quiet luxury, every detail reflects modern elegance and timeless sophistication.

Soft warm lighting, rich wood textures, and elegant marble accents come together to create a living space that feels both refined and inviting. A perfect balance of modern design and timeless comfort.

Elegant & Minimal

A serene bedroom retreat where warm textures, soft lighting, and city views come together in perfect balance.

Luxury Interior Focus

Warm wood tones, layered lighting, and a refined workspace create a calm yet sophisticated urban bedroom.

Modern Lifestyle

Designed for modern living—this cozy bedroom blends comfort, functionality, and understated luxury.

Design-Forward / Editorial

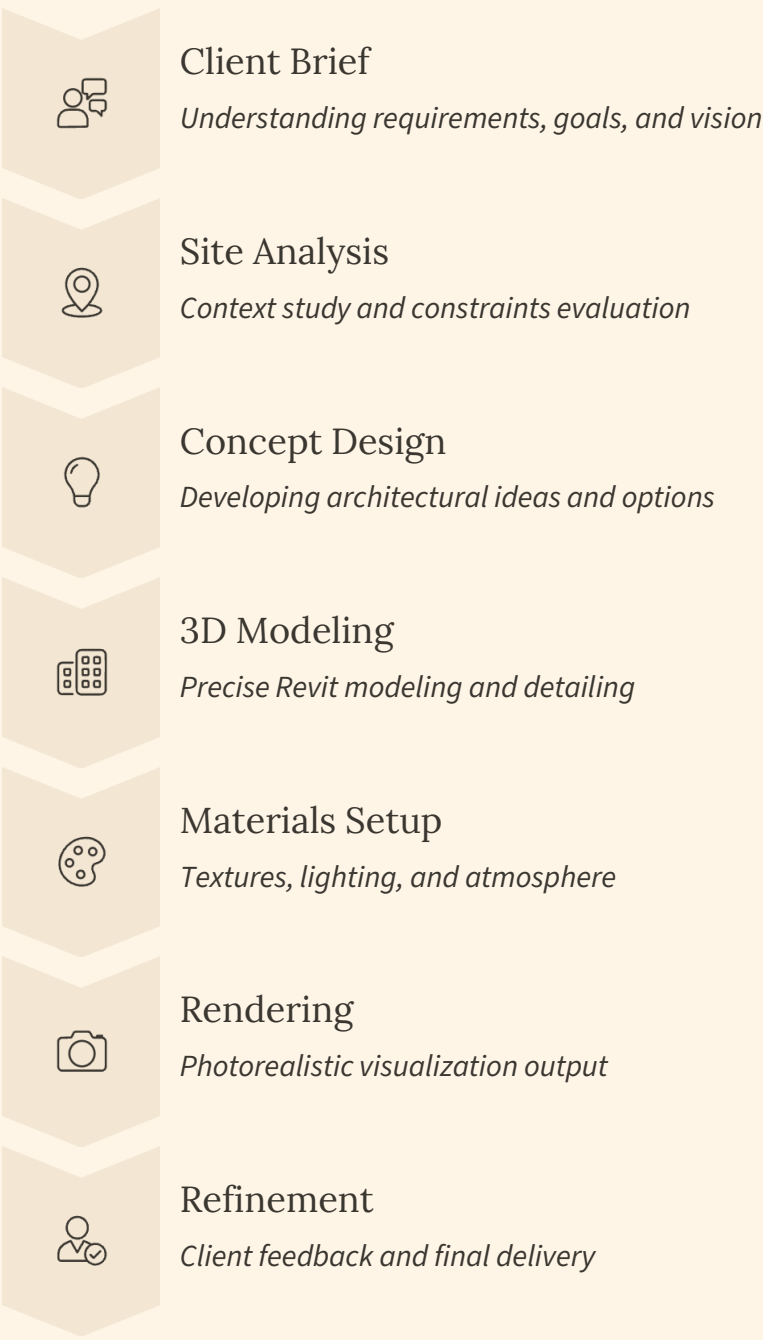

A thoughtfully curated bedroom featuring ambient backlighting, natural textures, and a seamless work-from-home corner.

This bedroom blends clean architectural lines with a soothing material palette, where warm wood tones frame the space and create visual structure. The layered false ceiling with recessed cove lighting enhances depth and softness, while symmetrical wardrobe panels introduce rhythm and balance. Neutral fabrics, subtle teal patterns, and curated decor follow the principles of harmony and proportion, resulting in a calm, contemporary environment designed for both function and quiet luxury.
